

We learn through the actions of those we admire. Ryan has always been an example to Ben, in the way that a true champion handles himself. One of my favorite pictures is of Ryan and Ben walking up the 18th fairway talking during a practice round. I have no idea what the conversation was about, I just know that Ben felt that Ryan was interested. Those memories will be with Ben forever. As you can tell, they will always stay with me. You are correct when you say that Ryan is a special individual. Please forward our gratitude and thankfulness to Ryan and Jennifer. I would ask that you forward Ben's letter to Ryan so that he can see what an impact God has allowed him to make on one young man and that families life. Ben's Dad

.....Thanks to you and others at the Ryan Palmer Foundation I still have the chance to play the local tours and events. Your donation of charity is a blessing from God. I would choose to have it no other way. Your kindness has given me new hope, which has paid off. The summer for me will be full of things that I can remember for a lifetime.....Also, I would like you to know that, if given the chance, I too will donate to a child in need of assistance. Again, I thank you for the opportunity that you have given me because of your kindness. Ben – Feb. 2009
